

Armoured Recovery Vehicle 3 Buffalo

Armoured recovery vehicles are essential for keeping mechanized armies on the move. A member of the Leopard 2 family of support vehicles, the Büffel (“buffalo”) is a state-of-the-art armoured recovery vehicle. It can be used for recovering tracked vehicles as well as for performing various maintenance tasks and clearing obstacles. Powerful yet user-friendly, the Büffel can also be deployed in a disaster relief role. Along with recovery equipment and towing gear, the Büffel is equipped to operate in an NBC environment.

Main features

- Excellent towing performance both on and off road
- High-tensile main winch
- Powerful crane system
- Capable of supporting a wide range of maintenance activities
- Chassis: Leopard2 main battle tank
